The Interior Journal.

E. C. WALTON.

As briefly stated last issue, the United States supreme court held that there is nothing shown in the case of Caleb Powers which warrants the Federal court taking charge of it. The case is remanded to the State courts and Powers will be tried for the fourth time in the court in which he was three times convicted. The decision was unanimous. In discussing the case at length Justice Harlan, who handed down the opinion, indicated that after the final adjudication of the case it might come to the Federal courts upon a writ of error, if the rights of the defendant should be denied. Justice Harlan said that the question of the validity of the Taylor pardon could not be considered by the court at this time, as even if the pardon were valid, that would not be ground for transfer.

MAJ. E. W. LILLARD, of Danville, a prince of good fellows and a military man to the core, is an applicant to succeed Gen. Haley as adjutant general of Kentucky. For several years he has held a major's commission in the State Guard and is always conspicuous for duty and fidelity to the trust reposed in him. During the feudal troubles in Breathitt some years since, Maj. Lillard did yeoman service for the State, faithfully remaining at his post until the restoration of peace. The INTERIOR JOURNAL gladly champions his cause and hopes to hear that Gov. Beckham, in surveying the field, has recognized the major's merit and has rewarded it by placing before his name the title of adjutant general.

THE union won a decided victory for the "closed shop" in a decision by the New York Courts. A printing establishment in Brooklyn made an agreement with the unions in accordance with which the non-union employees were discharged. The employees sued for their old places. Justice Marean said that the men would have had a case against the unions if the latter had brought pressure to bear upon the company to procure the discharges, but if the company discharged the men in the exercise of its best judgment for its own interests the men were not wronged and had no case.

If the railroads are to reduce passenger rates to two cents per mile it would be better to do so without being compelled by law. The New Haven system of railway lines announced officially on March 10 a prospective flat rate of two cents per mile, to be put in operation at fixed dates during the ensuing Spring and Summer months. This action is voluntary. It is the strongest argument yet made in favor of the reduced rate. If the New Haven lines can do it, why not other great railway systems?

THE Shelby County Democratic Committee has adopted resolutions unqualifiedly endorsing the course of Hon. G. G. Gilbert, Congressman from the 8th district, and calls upon him to stand for re-election. Mr. Gilbert has said repeatedly that he will not run again but it is mighty hard for a man to turn a deaf ear to "his friends" and we expect to see him in the race long before the entries close.

JUST as the Legislature was about to adjourn Tuesday night Gov. Beckham called an extraordinary session beginning at noon Wednesday, to pass a recitifiers' tax law and also one enlarging the powers of revenue agents, sections relating to which had been left out of the revenue bill just passed. It was a surprise to even Gov. Beckham's closest friends.

STATESMANSHIP seems to be conducive to longevity. Ten members in the United States Senate have passed the three score and 10 mark—Pettus and Morgan, of Alabama, Allison, of Iowa, Cullom, of Illinois, Teller, of Colorado, Proctor, of Vermont, Frye, of Maine, Platt and Dewey, of New York, and Alger, of Michigan.

WE are indeed sorry the General Assembly did not pass the bill appropriating \$40,000 for the purpose of having Kentucky represented at the Jamestown Exposition. The Senate passed the bill but it was not called up in the House, to the shame of that body be it said.

THE republican papers say that Representative R. W. Miller, of Madison, will be the anti-administration candidate for governor. They ought to know.

POLITICAL.

The House passed a bill appropriating \$250,000 for the new State capitol at Frankfort.

Judge Alton B. Parker, of New York, delivered an address to the members of the Mississippi Legislature at Jackson. The Kentucky House killed the Senate bill to exempt \$600 and making 50 per cent. of wages subject to execution or garnishment.

United States Commissioner William S. Lawwill, of Danville, has received his appointment from Judge Cochran for another term of four years.

Tennessee republican politicians declare that H. Clay Evans is losing ground in his fight for the republican nomination for governor.

The house passed a bill for improvements in the Frankfort and Eddyville penitentiaries, including the establishment of tuberculosis hospitals at each place.

A sensation was sprung in the trial of Indiana's former State Auditor when the attorney for the defense referred to the loan made by Sherrick to Gov. Hanly.

The Independence League in New York has issued its appeal to the public for support. The unanimous sentiment is that the time is ripe for a new party to enter the field.

Secretary Taft has again expressed his dislike for the Cox machine in Ohio by accepting membership in the Roosevelt Club, a Republican reform organization in Cincinnati.

The Senate passed a bill requiring Kentucky life insurance companies to keep on deposit with the State Treasurer securities equal in amount to the cash value of their policies.

Senate bills 100 and 101, the first of which creates a State Board of Agriculture and appropriating \$20,000 for farmers' institutes, and the second of which establishes a State Fair, appropriating \$15,000, passed the House at Frankfort.

Gov. Beckham Wednesday afternoon affixed his signature to the county unit local option measure adopted by the General Assembly. It does not contain an emergency clause, so becomes effective three months following the date of adjournment of the regular session.

A petition for a writ of habeas corpus to liberate Vincent St. John, president of the union at Burke, Idaho, who is held in the penitentiary at Boise charged with the murder of former Gov. Frank Steunenberg, was filed in the Idaho Supreme Court.

An attempt was made by five desperate men to break jail at Tazewell, Tenn. The prisoners, who had secured two pistols from some one outside, fired two shots at the jailer when he started in the jail. Sheriff Green outwitted them after they had succeeded in getting out of the cell in which they were confined and at the point of a pistol forced them back in the jail.

MATRIMONIAL.

A Chicago paper says John Alexander Dowie and his wife have separated. William A. Carr, of Casey county, and Mrs. Martha Carr, of Highland Park, were married in Jeffersonville.

Estranged 23 years ago and divorced in Jeffersonville, Ind., James M. Miles, 63 years old, and Mrs. Mary Miles, 57, were married in that city.

Afflicted With Rheumatism.

"I was and am yet afflicted with rheumatism," says Mr. J. C. Bayne, editor of the Herald, Addington, Indian Territory, "but thanks to Chamberlain's Pain Balm am able once more to attend to business. It is the best of liniments." If troubled with rheumatism give Pain Balm a trial and you are certain to be more than pleased with the prompt relief which it affords. One application relieves the pain. For sale by Dr. W. N. Craig, the popular druggist at Stanford, Ky.

Here and There.

The Spanish soldier, with only two meals a day, keeps in excellent condition on a diet consisting of dry black bread, a little oil, some garlic and his cigarette.

A meeting of the editors of the 11th Congressional district will be held at Corbin March 24. A permanent organization will be effected at that time and a summer meeting will be arranged.

Samuel W. Fife, of Richmond, presented Sheriff P. B. Broadus, of Madison one of the finest revolvers ever seen. The cylinder is made of pure gold and the handle of ivory. The cost of the weapon when new, was \$200.

Dangers of Pneumonia.

A cold at this time if neglected is liable to cause pneumonia which is so often fatal, and even when the patient has recovered the lungs are weakened, making them peculiarly susceptible to the development of consumption. Foley's Honey and Tar will stop the cough, heal and strengthen the lungs and prevent pneumonia. La Grippe coughs yield quickly to the wonderful curative qualities of Foley's Honey and Tar. There is nothing "just as good." Penny's Drug Store.

No speaker for years has made a more enviable record for fairness than Henry R. Lawrence. In fact we do not recall that during the session his rulings have ever been seriously challenged, much less appealed, from. He has won the good will of everyone, even those who opposed his aspirations, and has made himself a political problem to be reckoned with in the future. He is already spoken of for lieutenant governor and a host of friends are urging him to decide to run.—Frankfort Journal.

A Favorite Remedy for Babies.

Its pleasant taste and prompt cures have made Chamberlain's Cough Remedy a favorite with the mothers of small children. It quickly cures their coughs and colds and prevents any danger of pneumonia or other serious consequences. It not only cures croup, but when given as soon as the croupy cough appears will prevent the attack. For sale by Dr. W. N. Craig, the popular druggist at Stanford, Ky.

A peculiar property that distinguishes White's Concentrated from all other mineral waters is its certain and positive action upon the liver and kidneys, the two joint organs through whose means the whole system is kept in a healthy condition. This water is a certain cure for Dyspepsia, Constipation, Headache and all diseases caused by a Torpid Liver.

Read what the late Dr. Luke P. Blackburn, whose reputation as a physician and philanthropist is world wide, said in regard to this water in tardy motives and constipation of the bowels:

"It excels all other remedies known to the profession. Crab Orchard Concentrated Water will cure more diseases than any remedy I ever used."

To Whom It May Concern: I have used Crab Orchard Concentrated Water and Salts in my practice for 40 years and I consider them the finest remedies on the market as a laxative and purgative and when taken in broken doses a good alternative for Indigestion, Dyspepsia and Constipation. HARDIN.—Mr. Martin D. Hardin, the aged father of Mr. Mark Hardin, of the St. Asaph Hotel, died there at 6:15 Wednesday morning of troubles attendant on old age. He was born in this county on Oct. 20, 1811, and consequently would have been 95, had he lived a few months longer. At 18 years of age he walked to Monticello and worked at the tailoring business for a while. Later he opened a hotel there which he ran successfully for many years. Mr. Hardin was thrice married, his last wife dying in 1894. One child was the fruit of his first marriage but it died. Mrs. Joshua Berry, of Monticello, now 70 years old, was the result of the second marriage, while the wife who preceded him to the grave only a few years bore him 12 children. The surviving ones are Mesdames J. A. Phillips and G. T. Ramsey, of Monticello, and Messrs. Sam C. Hardin, of London, J. G. Hardin, of Louisville, Mark Hardin of this place, Will C. Hardin, of Memphis, Ben Hardin, of Monticello, and Joe Hardin of Chattanooga. Some eight years ago, Mr. Hardin united with the Methodist church and he was a regular attendant at the services when his health would permit. He was a warm-hearted, good man and the news of his death carries sorrow wherever he was known. Some five years ago he and his brothers, Messrs. Sam and Timothy Hardin, spent a few days at the St. Asaph in what might be called a family reunion, which was heartily enjoyed by them all. At that time their combined ages aggregated 254 years. They are all dead now and three honorable, just men sleep the sleep that knows no working. The remains were taken to Monticello yesterday and this morning they will be gently laid away to await the resurrection morn. May the good deeds he did in his long sojourn on earth make his last sleep the sweetest and the awakening the most joyful.

CHURCH MATTERS.

The Midway Baptist Church has extended a call to the Rev. James P. Scruggs, of Columbia.

At the colored Methodist church at Harrodsburg Sunday continuous services were held from 9 A. M. till midnight; 15 hours of preaching.

Rev. R. R. Noel tells us that his work in the Waynesburg church is most gratifying. The membership is growing and much good work is being done.

Over \$17,500 has been collected from the Mt. Vernon Baptist church congregation in the last five years. During that period 123 new members have been added. Rev. O. O. Green is the pastor. The church is near Versailles.

The Main Street Baptist Church is talking of building a new \$15,000 edifice, instead of repairing and enlarging the old structure. The protracted meeting at the Baptist church is attended by large crowds. There have been several additions and everything points to a very successful meeting under the guidance of Bro. Huey. It will continue two weeks. - Somerset Journal.

Orino is much superior to pills, aperient waters and all ordinary cathartics as it does not irritate the stomach and bowels. Penny's Drug Store.
